R. Eftimie, & G. Eftimie. Tumour-associated macrophages and oncolytic virotherapies: a mathematical investigation into a complex dynamics. *Letters in Biomathematics*, 5(1), 70–99.

When the above article was first published online, the manuscript was erroneously added to the regular issue. It should have been added to the special issue “Modeling Tumor-Immune Dynamics, Disease Progression, and Treatment”.

Taylor & Francis apologizes for this error.
